STAFF DRAMA GROUP

The Russians are coming ! The Staff Drama Group will present Chekhov's 'The Three Sisters' in the Alexander Theatre from the 19th to the 22nd April. The play will be co-directed by Michael Schneider (already known to Monash theatregoers for his direction of 'Hedda Gabler'), and Phyllis Crook. The cast is as follows:

Prozorov	-	Richard Murphet
Natasha	-	Laura Brogan
Olga	-	Mary Saunders
Masha	-	Patricia O'Sullivan
Irena	-	Pauline Kirk
Koolygin	-	Michael Schneider
Vershinin	-	Jack McDonell
Toozenbach	-	Dennis Douglas
Soliony	-	Dennis Davison
Chebutykin	-	Saul Bastomsky
Fedotik	-	David Asche
Rode	-	Evan Jones
Ferapont	-	Ian Laurenson
Anfisa	-	Barbara Calton
Maid	-	Helen van Moppes

David Crosher writes of the Play:

'The Three Sisters' was first produced under Stanislavsky in Moscow in 1901. In the same year Chekhov began work on his last play, 'The Cherry Orchard'. Within a simple framework - the story of how three sisters, confined in a stifling provincial environment, desire to return to Moscow where they believe they can attain happiness - Chekhov explores many of his favourite themes - social displacement, incommunication between human beings, the atrophying effects of environment, frustrated love. The play has been interpreted both as a comedy and as a tragedy. We can perhaps take a cue for understanding the play from Vershinin's remark: 'We're not happy, and we can't be happy: We only want happiness.'

Have you got:- a samova, sofa, candelabra, perambulator, grandfather clock, old fashioned camera(with or without tripod), or candlesticks? If so would you please contact Michael Schneider, extension 2332.

The next monthly play reading will be held at the home of Betty Moore, 2 Bingley Avenue, North Clayton, on Monday 3rd April, at 8 p.m. The play to be read will be 'Incident at Vichy' by Arthur Miller.

#### HELP W.U.S. CATCH A BUS

The University of Papua and New Guinea has asked World University Service Australia to provide a small bus to take people around the scattered June Valley campus, from student residences, to the Main Library at Boroko six miles away, to the five other tertiary institutions and to Port Moresby seven miles away. Ford Australia has been generous to WUS Australia. For \$2,526 they can have the most suitable vehicle, a new twelve-seater "V" Series Bus, delivered to the University who will drive and maintain it.

WUS is an international organization of university people helping university people in material or intellectual need. Their Geneva headquarters has an enormous programme in fifty countries and they have not asked for international funds since they believe that Australian university people will welcome the chance to help.

Staff can give money for this bus at collection points on campus or pay into the special University of Papua and New Guinea WUS Bus Appeal Bank Account at the banks on campus (\$2 and above is tax-deductible) or send money to - WUSA, 220 Faraday Street, Carlton, Victoria. #### UNION NEWS

**Sports Centre:** With the increase in Union revenue resulting from the increased student intake, it has now been possible to remedy some of the defects in the design of the change rooms. As well as being more efficient the renovations to the male shower area and the installation of the new seating in the dressing rooms, will facilitate easier cleaning of the area.

**Squash Courts:** As the pressure on the use of the courts is likely to increase the present practice of taking telephone bookings and also not charging for cancellations may have to be changed. Staff are particularly asked to refrain from making bookings and then not using them.

**Recreation and Fitness Class:** Men - this class will again be held each Friday from 1 p.m. to 2 p.m. in the Sports Centre Games Hall, under the guidance of Mr. Arthur Smith. Classes commenced on the 17th March. White soled shoes must be worn and these may be hired from the Sports Centre.

## RELIGIOUS CENTRE

The Religious Centre had its beginnings in the thought of a group of representatives of the Anglican, Baptist, Methodist, Presbyterian and Roman Catholic churches who in January 1959, less than six months after the Interim Council's first meeting, made approach to the Council suggesting the establishment of a united Christian Centre in the University. The Council at once set up a sub-committee which, after discussions with the churches, reported that in its view "the University has a duty to make provision for the spiritual needs of its students and that, at this stage of its development, it has an opportunity to integrate and centralize such provision in a way quite novel in Australia". In its recommendation to the Council, the committee proposed not only facilities for Christian worship and activities but also a meeting place which could be used by members of other religious faiths.

With the arrival of the first students in 1961, Anglican and Roman Catholic chaplains were appointed by the churches - the Anglican chaplain having pastoral responsibility for all protestant students - and in 1962 the Hillel Foundation appointed a chaplain to Jewish students. Office accommodation was made available for the chaplains and from the beginning of 1962 the "Red Cross Cottage" - a survivor from the time when the Talbot Epileptic Colony occupied the site - was made available as a temporary religious centre.

In 1965, with the approval of the Council, the churches launched an appeal for funds, and when the success of the appeal seemed reasonably assured Messrs. Mockridge, Stahle and Mitchell were appointed Architects for the Centre which is now being built on a site made available by the Council between the Administration and Union buildings. When completed the building will be given by the churches to the University; it is expected to be ready by the beginning of the 1968 academic year.

On Thursday, 16th March 1967, the Churches Appeal Committee arranged a small informal ceremony at which the Premier, Sir Henry Bolte, placed the central surveying peg. In announcing a contribution to the project by the Government Sir Henry said -

"It gives me great honour to do this and may I say that I am thrilled to have the honour because I believe this is one of the greatest concepts of all time. The principle behind it is so wonderful and the need is so urgent that it would be intolerable almost if we did not raise sufficient money to go ahead with this project. The Government thinks so greatly of it that we are prepared to put in \$20,000."

The Churches Appeal Committee has also arranged for His Excellency the Governor of Victoria, Sir Rohan Delacombe, to lay the foundation stone of the Centre on Sunday, 9th April at a ceremony to be attended by representatives of all churches and of the University.
